

SPECIAL FUNCTIONS' DAY AT UBI

8 April 2026

University of Beira Interior, Covilhã (Portugal)

This workshop brings together experts to discuss recent developments in Orthogonal Polynomials and Special Functions. The presentations will focus on novel developments in these topics, showing recent results within the framework of Approximation Theory and discussing open problems.

Speakers:

Carlos Hermoso (University of Alcalá); **Cristina Rodríguez Perales** (University of Almeria); **Edmundo Huertas Cejudo** (University of Alcalá); **Juan F. Mañas-Mañas** (University of Almeria); **Juan J. Moreno Balcázar** (University of Almeria); **Victor Soto-Larrosa** (Universidad Europea Madrid).

ORGANISERS: Cristina Rodríguez (Univ. Almeria), Maria das Neves Rebocho (UBI).
